- Adobe PS, Ai, InDesign, Premier Pro
- Problem-solver
- Collaborative

CERTIFICATIONS

- [Web Dev w/ JS & APIs](#)
- [Web Dev w/ HTML, CSS, & Bootstrap](#)
- [HTML Essentials](#)
- [CSS Essentials](#)

COMPLETED / ONGOING PROJECTS

Commissioned Fliers (Photoshop)

Starbucks District 3096 | Destin, FL
April 2023

Created a recruitment event flier under commission, targeting potential partners for the upcoming tourist season.

Stock Portfolio Manager

ASU – IFT300 | Arizona State University Project
January 2025

Designed and implemented a personal stock management system utilizing JavaScript. Key features included deposit and withdrawal processing, stock purchase and sale execution, detailed transaction logging, and generation of a consolidated account summary.

Website Project(s)

Self-initiated or instructed | Freeport, FL

Developed and deployed multiple websites as part of academic coursework and out of self-driven interests, applying skills in front-end development (HTML, CSS, JavaScript, BS). These projects demonstrated the ability to translate requirements into functional and visually engaging online forms of media.

EDUCATION

Bachelor of Graphic Information Technology

Arizona State University
May 2022 - June 2026
